SUBJECT:	Appeals to the Board

PURPOSE:

To prescribe the procedures and rules for appeals by veterans to the Board pursuant to Section 86 of the Military and Veterans Code.

POLICY:

It shall be the policy of the Department of Veterans Affairs that appeals to the Board shall be governed by the following procedures and rules:

1. Appeals by veterans from decisions of a division of the California Department of Veterans Affairs (the Department) shall be filed in writing with the Board's Executive Officer (EO) at the Board's office in Sacramento, using the Notice of Appeal form prescribed by the Board. When a division of the Department denies or makes an adverse decision on a veteran's application for benefits, the division shall notify the veteran in writing of the denial or adverse decision, the reasons therefore, and of the right to appeal the decision to the California Veterans Board, and shall provide the veteran with a copy of the Notice of Appeal form. The filing of a Notice of Appeal shall not postpone or stay the decision being appealed.
2. Upon receipt of a Notice of Appeal, the EO shall assign and note thereon an appeal number consisting of the last two digits of the current calendar year, followed by a dash and a number indicating the order in which the appeal was received in the calendar year. (E.g., the first and subsequent appeals received in the calendar year 2005 would be numbered thusly: 05-01, 05-02, 05-03, and so on.) The EO shall note on the Notice of Appeal the date actually received and the date deemed received, and shall place the appeal on the Board's agenda for scheduling at the next regular meeting of the Board after actual receipt thereof.
3. At that meeting, the Board shall ascertain the type of review or hearing requested, shall determine how, when, and where the review or hearing will be conducted, and shall instruct the EO to give written notice of the time and place of such review or hearing to the veteran appellant, his or her attorney if any, and to the Department. Subject to State Government budgetary constraints and travel restrictions, the Board shall make all reasonable efforts to schedule such review or hearing and to render its decision thereon within the times and at the places prescribed by Military and Veterans Code §86(a). Ordinarily, the Board will conduct the reviews or hearings itself, but reserves the option to delegate the holding of hearings from time to time as permitted by law.
4. The veteran shall choose whether to have the appeal considered by a **Review of the Record**, or at an **Informal Hearing** or a **Formal Hearing**. A **Review of the Record** shall be conducted without an appearance by the veteran or the Department, and shall consist of a review of the Notice of Appeal and all supporting documents filed by the veteran and a review of the Department's files and records on the matter.

An **Informal Hearing** shall consist of appearances by the veteran appellant, his or her attorney if any, and an attorney or representatives for the Department if the Department so desires, and informal discussions or presentations without the observance of strict rules of evidence or procedure. A **Formal Hearing** shall be recorded electronically, with testimony taken under oath or affirmation, the burden of going forward shall be on the veteran appellant. The appellant and the Department shall have the right to make opening and closing statements, to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses, and to rebut adverse evidence. The rules of evidence and procedure for conducting administrative hearings in this State shall be followed.

5. If an informal or formal hearing is requested, the Executive Officer shall notify the veteran appellant by registered mail of the time, date, and place for the hearing of his or her appeal. The veteran appellant shall also be informed that if he or she does not appear for the hearing that his/her appeal may still be decided at the scheduled time and date. A final decision will be rendered by the Board with the information available at the time of the scheduled hearing.
6. In the event the veteran appellant is unable to attend the hearing because of a personal or medical emergency, the Board may consider rescheduling the hearing.
7. If the appellant withdraws his/ her appeal, the appellant should notify the Board Executive Officer prior to the scheduled hearing of the appeal. The notification of withdrawal should be in writing or by telephone followed by notification in writing.
8. If the holding of a hearing is delegated, the hearing officer shall give notice of the time and place of the hearing to the parties, shall conduct the hearing, and shall prepare a Proposed Decision, setting forth findings of fact, conclusions of law, and reasons, for submittal to the parties and the Board. The Board will place the Proposed Decision on the agenda for its next regular meeting after submittal, and may adopt, modify, or reject the Proposed Decision.
9. Hearings not delegated will be conducted during a regular or special open meeting of the Board under the Bagley-Keene Open Meeting Act unless the veteran requests a closed hearing in writing and provides the Board with sufficient reasons and citations of legal authority for a closed hearing.
10. All decisions shall be determined by a majority vote of at least a quorum of Board members. After a decision is made, the Board may assign the writing of the decision, with or without explanations or reasons, to the EO, or a Board member. Following approval by the Board, a copy of the decision shall be mailed to each party. The Board's decision shall be final, except for judicial review.

“Executed on _____ at _____, California.

Custodian of Records”

(e) The certification and the complete record shall be delivered directly by the Custodian of Records to the Board or its Executive Officer not later than ten (10) calendar days after the record is requested.

(f) A duplicate copy (clearly marked as such) of the complete record may be delivered to the Department’s Legal Division at the same time and, if requested, shall be made available to the appellant without charge.

SUBJECT	Veterans Benefits: Leave from the Department to Make Late Applications

PURPOSE: Benefits the State of California offers to veterans occasionally requires strict application deadlines regulated in part or in whole by the Department. A failure to meet such deadlines may result in the loss of a benefit for which the applicant may otherwise be eligible even though the reasons for not meeting the deadline are beyond the applicant's control. Presently, the Department has no mechanism for an applicant to seek leave to make a late application in appropriate circumstances. In the interest of furthering the Board's and the Department's service to veterans, and to ensure that an otherwise eligible person will not be denied a veteran benefit because of circumstances beyond his or her control, it is necessary and appropriate that a mechanism be created that allows an applicant the opportunity to submit requests to the Department for leave to file a late application.

POLICY: It shall be the policy of the Department to provide veterans, and, where appropriate, their spouses, dependents and survivors, an opportunity to seek permission to file a late application for benefits and to provide for Board review of any adverse decision on such an application.

The Department shall determine the manner or method, and shall develop plans and establish procedures for implementation of this policy to achieve its purpose as fully as possible.

SUBJECT:	Interest Rates

PURPOSE

To allow the Department of Veterans Affairs to establish and change CalVet loan interest rates to reflect changes in the housing market. The California Veterans Board recognizes the immediate benefit of CalVet loans to all veterans and the need to provide the Department of Veterans Affairs with a policy regarding interest rate changes for new CalVet loans reflecting changes in the housing market. In order to implement sound business practices, the Department will be allowed to make interest rate changes to CalVet loans in accordance with this policy. It is the Board's intent to provide reasonable working guidelines for the Department to follow and to monitor rate changes in conformance with this policy. This policy will provide a fair and consistent benefit to veterans, support a financially sound Farm and Home loan fund, and provide benefits to a maximum number of veterans. This policy is intended to cover loans with contract dates prior to 1/1/1999, which are required by law to be at a uniform interest rate, loans with contract dates on or after 1/1/1999, and non-veteran loans including loans assigned to non-veteran spouses and loans provided on repossessed properties (REO).

POLICY

Contracts issued prior to January 1, 1999: The Military & Veterans Code specifies that this group of loans carry a uniform interest rate. These loans were funded at 8.0% prior to April 1, 1998 at which time they were reduced to 6.95% with new loans funded at that rate through December 31, 1998. It is the policy of the Board that these contracts will remain at 6.95%, except the interest rate on mobile homes in mobile home parks shall be 1% higher (7.95%) as provided for in the M&VC, and that these rates will be reduced only if analysis by the Department and confirmed by the Department's quantitative consultant determines that to do so will not diminish the Department's ability to issue new contracts at interest rates that are competitive in the housing market at the time. Within this group of contracts the following policies shall apply:

- a. Contracts assigned to non-veteran spouses pursuant to divorce proceedings shall have the rate increased by .5% (1/2%) to 7.45% (8.45% for Mobile Homes in parks) except in those cases where the M&V Code [987.02(a)] authorizes the non-veteran to retain the veteran interest rate.
- b. Contracts issued to non-veterans for the purchase of repossessed CDVA properties shall remain at the rate negotiated at the time of sale of the property unless the Department determines that it is in its best interest to adjust the rate in order to retain the contract. In such cases the rate will not be reduced to a rate that is less than the non-veteran rates specified above.

Contracts issued on or after 1/1/1999: Subsequent to 1/1/1999 interest rates on new contracts are set pursuant to Board Resolution dated June 1, 2000, modified May 18, 2001, and further modified December 3, 2004. Notices of rate changes pursuant to the methodology made by the Ad Hoc Committee for Interest Rates and signed by the Department Secretary will be added to this policy. It is the policy of the board that these contracts will remain at their original rate subject to the following:

- a. Contracts assigned to non-veteran spouses pursuant to divorce proceedings shall have the rate increased by .5% (1/2%) except in those cases where the M&V Code [987.02(a)] authorizes the non-veteran to retain the veteran interest rate.
- b. Contracts issued on repossessed properties shall bear rates as negotiated by the Department at the time of sale of the property and may be at conventional marketplace rates for similar sales.

CALIFORNIA VETERANS BOARD RESOLUTION AND FINDING

INTEREST RATES ON CALVET LOANS

WHEREAS, under provisions of the Veterans Farm and Home Purchase Act of 1974, as amended by Chapter 362, Statutes of 1998, the California Department of Veterans Affairs (the "CDVA") is required to report to the California Veterans Board (the "Board") and the Veterans' Finance Committee of 1943 (the "Committee") regarding the recommended rate of interest payable upon the amount remaining unpaid under any veteran's contract of purchase executed on or after January 1, 1999;

WHEREAS, the CDVA, from time to time, shall establish and may modify, subject to the approval of the Board and the Committee, the actual rates to be paid, which may be fixed interest rates or variable interest rates, or the methodology and timing for determining or modifying the actual interest rates to be paid, which methodology may produce fixed interest rates or variable interest rates on Veterans' contracts of purchase executed on or after January 1, 1999;

WHEREAS, the approved interest rates need not be uniform for all of the veteran's contract of purchase;

WHEREAS, the CDVA has considered the restructuring of its outstanding indebtedness and resultant debt service requirements, the actual cost revenue and general obligation bond sales and administrative costs of the CDVA, in light of the current value of money and the covenants made to owners of CDVA's revenue and general obligation bonds, in determining the guidelines and methodology to be used to establish interest rates to be charged on veterans' contracts of purchase;

WHEREAS, on June 1, 2000 the Board approved the guidelines and methodology to be used by the Department to from time to time establish one or more rates of interest to be paid by veterans for newly financed contracts of purchase under the Veterans Farm and Home Purchase Act of 1974, and modified such guidelines and methodology with respect to contracts of purchase to be funded on and after June 1, 2001 funded from the Department's Unrestricted Program;

WHEREAS, the Department would like to modify such guidelines and methodology with respect to contracts of purchase to be funded on and after December 3, 2004 to establish the ceiling interest rates for such contracts of purchase as the then current FHLMC conventional mortgage rate, provided that at the time such interest rate is established such contract interest rates produce, together with the interest rates on all contracts previously funded or to be funded from the same issue of bonds, a blended contract interest rate no less than 50 basis points above the aggregate yield on the all outstanding bonds, and to provide greater flexibility to allow for gradual increases in the rate;

WHEREAS, the establishment or modification of contract of purchase interest rates or the guidelines and methodology and timing for determining the rates requires the approval of the California Veterans Board;

WHEREAS, the CDVA has determined that the interest rates on veterans' contracts of purchase under the Farm and Home Purchase Act of 1974 funded prior to December 3, 2004 shall remain at the existing rates;

NOW THEREFORE, IT IS RESOLVED that the Board hereby (1) approves the guidelines and methodology previously approved and modified as described above, as the guidelines and methodology to be used by the CDVA in determining the interest rates on veterans' contracts of purchase funded on or after December 3, 2004; and (2) determines that the interest rates on veterans' contracts of purchase under the Veterans Farm and Home Purchase Act of 1974 funded prior to December 3, 2004 shall remain at the existing rates.

The Executive Officer of the California Veterans Board is directed to attest this Resolution, provide copies thereof to the CDVA and the Committee, and to place a copy thereof in the Veterans Board Policy Book.

Methodology for Establishing Unrestricted Program Interest Rates on Contracts of Purchase Funded On or after December 3, 2004

The Department may establish, without prior approval of the Board and the Veterans Finance Committee of 1943, one or more interest rates from time to time for new contracts of purchase, including contracts funded through the Unrestricted Program, provided as of the date on which each such interest rate is established if the following requirements are satisfied:

CEILING

- A. Such interest rate is not greater than the then-current conventional mortgage rate. For such purpose, the “current conventional mortgage rate” shall mean the most recently published Federal Home Loan Mortgage Corporation (FHLMC) conventional mortgages rates;

FLOOR

- B. In the event of a decrease in the rate, such interest rate is expected to produce, together with all outstanding contracts of purchase previously funded or to be funded, a blended interest rate at least 50 basis points above the aggregate yield on the bonds used to fund such contracts. In the event of an increase in the rate, if the current rate is greater than 50 basis points below the yield, the rate may be increased in any incremental amount.

Any change in the interest rate resulting in rates falling outside these parameters for either the CEILING or FLOOR must be submitted to the Board for approval at their next scheduled meeting and are effective immediately following such approval.

Military and Veterans Code § 1012

**RESOLUTION OF CALIFORNIA VETERANS BOARD
ON NONVETERAN SPOUSE RESIDENTS
OF VETERANS HOMES OF CALIFORNIA**

WHEREAS, the California Veterans Board is authorized, empowered, and required by Section 72 of the California Military and Veterans Code (the Code) to determine policies for all operations of the California Department of Veterans Affairs; and

WHEREAS, Section C-10 of the California Veterans Board Policy Book provides for the admission of veterans' spouses to the Veterans Homes of California consistent with the provisions of Section 1012 of the Code; and

WHEREAS, the Veterans Homes formerly determined eligibility of a resident for assignment to a private or single room by seniority, using the resident's date of admission without regard for status; and

WHEREAS, without first fully briefing the Board as required by Section 84 of the Code, the former Interim Secretary of Veterans Affairs recently changed this practice to require that the eligibility of a nonveteran spouse who was admitted to joint residence with his or her veteran spouse for assignment to a private or single room would be determined by the date of the veteran spouse's death, rather than by the date of their joint admission; and

WHEREAS, the current Secretary of Veterans Affairs has approved this change in practice, with the exception that the change will apply only to newly admitted residents (presumably those admitted after February 6, 2004); and

WHEREAS, Section 1012 of the Code is the exclusive authority as to who may reside at the Veterans Homes, and expressly authorizes nonveteran spouses who meet the criteria set forth therein to reside at the Homes without further conditions or qualification; and

WHEREAS, federal statutory provisions expressly contemplate veteran-related family members residing at state veterans' homes; and

WHEREAS, the 14th Amendment of the Constitution of the United States guarantees equal protection of the laws to all persons;

**NOW, THEREFORE, IT IS HEREBY RESOLVED BY THE CALIFORNIA VETERANS BOARD
THAT:**

“It shall be policy of the California Department of Veterans Affairs:

“1. That veterans and nonveteran spouses shall be admitted to the Veterans Homes of California consistent with the provisions of Section 1012 of the California Military and Veterans Code; and

“2. That, one determined to be eligible for admission and admitted to the Veterans Homes under those provisions, nonveteran spouses, including those who are admitted to joint residency with their veteran spouses and who elect to remain in residence after the death of the veteran spouse, acquire and are entitled to the same rights, privileges, and status as any another member or resident of the Veterans Homes, and shall not be singled out for disparate treatment of any kind because of their being nonveteran spouses, including but not limited to the imposition of different criteria for assignment to private or single rooms or for any other right or privilege afforded to veteran residents; and

“3. That nonveteran spouse residents shall not be regarded or treated in any way as “second-class” residents.”

This resolution is adopted by the California Veterans Board at its regular meeting on September 24, 2004. The Executive Officer is directed to attest this resolution, to revise Section C-10 of the Board Policy Book as set forth above, and to provide copies of this resolution and the revised policy to the Secretary of Veterans Affairs.

SUBJECT:	Inter-Facility Transfer Policy

PURPOSE

To permit members of the California Veterans Homes to transfer from one veterans home to another veterans home.

POLICY

It shall be the policy of the Department of Veterans Affairs that a member in good standing in one of the California veteran's homes may be permitted to transfer his or her residency from one home to another.

1. DEFINITIONS

"Home of origin" means the California veterans home from which a member in good standing seeks a transfer.
"Home of destination" means the California veterans home to which a member in good standing seeks a transfer.

2. CONDITIONS

Upon receiving a written request for an inter-facility transfer submitted by or on behalf of a member, the administrators of the home of origin and the home of destination must concur that the following conditions have been satisfied. The administrators must jointly approve all transfers and be responsible for efficient and timely coordination between the facilities.

- a. The member must complete a new veterans home application, including an updated medical certificate, and the member's medical condition must be appropriate for the care provided and available at the home of destination.
- a. There must be a replacement waiting for admission to the specific level of care utilized by the member at the home of origin.
- b. A vacancy must exist at the home of destination at the level of care required by the member.

- c. The member requesting the inter-facility transfer must be in good standing and must not be in arrears with his or her financial obligations to the Department of Veterans Affairs, and must be free of any disciplinary sanctions at the home.
- d. The member requesting the transfer must pay the costs of relocation and transportation and moving expenses from the home of origin to the home of destination.

3. EXCEPTIONS

- a. Applicants who require close, constant medical care from a hospital or medical center might be more easily managed at the Chula Vista Veterans Home than at the other two veterans homes because of its close proximity to the San Diego USDVAMC and Sharp Medical Center. In those cases, the Chula Vista Veterans Home would require a statement from the Chief Medical Officer at the home of origin concurring with the inter-facility transfer and briefly identifying the medical needs of the veteran.
- b. Many residents at the Barstow Veterans Home lived in the San Diego area and may still have family ties there. In cases where the veteran seeks a transfer from Barstow to Chula Vista, the Chula Vista Veterans Home would require a statement from the veteran's social worker at their home of origin describing the specific social needs of the veteran that can't be met there, as well as a letter from the Chief Medical Officer at the veteran's home of origin concurring with the transfer.
- c. The home of destination will receive and approve applications based on current medical criteria and veteran eligibility from veterans who are currently residents at one of the other California veteran's homes. Exceptions will be made when one or more of the above-mentioned criteria are evident. All inter-facility transfers will require the written approval of the administrators from both the home of origin and the home of destination.

PURPOSE: The purpose of this policy is to maximize resident participation in federal, state, V.A., or private health service plans and to ensure that the Department seeks reimbursement for health care that is provided to the residents of the Veterans Homes of California.

POLICY: It shall be the policy of the Department that resident participation in federal, state, V.A., or private health service plans is maximized.

- Residents of the Veterans Homes of California shall make the administrations of the respective Homes aware of their participation in a health service plan or their eligibility for participation.
- Henceforth, non-veteran applicants must be participating in a federal, state or private health service plan to be admitted to the Home.
- Henceforth, veteran applicants, if eligible for federal, state, or VA medical programs, must apply for such programs in order to be admitted to the Home.
- Individuals admitted to the Home after the effective date of this policy will be required to maintain participation in the federal, state, V.A., or private health service plan if they remain eligible. If a member's eligibility lapses because of circumstances beyond his or her control, the member will not be discharged from the Home but he or she will be expected to reapply for coverage as soon as practical. However, any member who refuses to apply for and maintain coverage, but has the present ability to do so, may be discharged from the Home.

The Department shall determine the manner or method, and shall develop plans and establish procedures for implementation of this policy to achieve its purpose as fully as possible.
